**EN Kettle Pure**

- Volume: 1.7 l
- Material housing: Stainless steel
- 360° rotation
- Concealed heating element
- Type of controller: Strix
- On/off switch with indicator light
- Water level indicator
- Filter spout
- Automatic shut-off
- Boil-dry protection
- Cord storage
- Power: 3000 W

**NL Waterkoker Pure**

- Inhoud: 1.7 l
- Materiaal behuizing: Roestvrij staal
- 360° draaibaar
- Verborgen verwarmingselement
- Type controller: Strix
- Aan/uit schakelaar met indicatielamp
- Waterniveau indicator
- Uitscherffilter
- Automatische uitschakeling
- Droogkookbeveiliging
- Snoeropbergstroom
- Vermogen: 3000 W

**FR Bouilloire Pure**

- Capacité: 1.7 l
- Matériau du revêtement: Acier inoxydable
- Rotation 360°
- Résistance cachée
- Type de connexion: Strix
- Bouton marche/arrêt avec témoin lumineux
- Indicateur de niveau d'eau
- Filtre
- Arrêt automatique
- Arrêt automatique en cas de fonctionnement à sec
- Espace pour le rangement du câble
- Puissance: 3000 W

**DE Wasserkocher Pure**

- Inhalt: 1.7 l
- Gehäusematerial: Edelstahl
- 360° drehbar
- Verdecktes Heizelement
- Art des Controllers: Strix
- Ein-/Aussschalter mit Kontrollleuchte
- Füllmengenmarkierung
- Filtersieb
- Automatisches Abschalten
- Trockenkochschutz
- Kabellaufwicklung
- Leistung: 3000 W

**ES Hervidora Pure**

- Capacidad: 1.7 l
- Material del cuerpo: Acero inoxidable
- Base giratoria de 360°
- Resistencia oculta
- Tipo de control: Strix
- Botón On/Off con luz indicadora
- Indicador de nivel de agua
- Filtro de tubo
- Apagado automático
- Protección contra ebullición en seco
- Compartimento para guardar el cable
- Potencia: 3000 W

**IT Bollitore Pure**

- Capacità: 1.7 l
- Materiale scocca: Acciaio inox
- Rotazione a 360°
- Resistenza nascosta
- Tipo di Controllo: Strix
- Interruttore On/Off luminoso
- Indicatore livello acqua
- Filtro nel beccuccio
- Spegnimento automatico
- Protezione a secco
- Alloggiamento per il cavo
- Potenza: 3000 W

**PT Jarro Fervedor Pure**

- Capacidade: 1.7 l
- Revestimento: Aço inoxidável
- Rotação 360°
- Resistência oculta
- Tipo de controlador: Strix
- Interruptor on/off com luz indicadora
- Indicador do nível da água
- Filtro no bico
- Desliga automaticamente
- Proteção de ebulição
- Armazenagem do cabo
- Potência: 3000 W

**SV Vattenkokare Pure**

- Volym: 1.7 l
- Material hölje: Rostfritt stål
- Rotering 360°
- Dolt värmeelement
- Typ av controller: Strix
- På/av-knapp med indikatorlampa
- Indikator för vattennivå
- Partikelfilter
- Automatisk avstängning
- Torrkokningskydd
- Sladdförvaring
- Ström: 3000 W

**PL Czajnik Pure**

- Pojemność: 1.7 l
- Materiał obudowy: Stal nierdzewna
- Obrót o 360°
- Ukryta grzałka
- Typ kontrolera: Strix
- Przycisk włącz/zł lampką kontrolną
- Wskaźnik poziomu wody
- Filtr wylewowy
- Automatische wyłączenie
- Zabezpieczenie przed użytkowaniem bez wody
- Schowek na kabel
- Zasilanie: 3000 W

**Unique design**

This Kettle Pure proves that a kettle can be a luxury appliance in the kitchen.

**Very quickly on to temperature due to the 3000 watts**

Due to the 3000 watts, this kettle boils water very fast. Combined with the 1.7 liter reservoir, you'll be able to boil water for larger groups of family and friends.

**Detachable filter**

You can easily remove the filter and clean it by rinsing it under running water.

**Practical safety features**

Cleaning the inside will be a simple task thanks to the concealed heating element, which means no more limescale in those hard-to-reach spots and less maintenance! The boil-dry protection ensures that you cannot accidentally turn on the kettle while it's empty. Finally, you can use this kettle safely thanks to the non-slip feet keeping the kettle stand in place.
